

Can you please help us to get the word out - this is from Callum

WANTED - DENTAL THERAPIST AND DENTAL HYGIENIST VOLUNTEERS

Interested in volunteering for a couple of weeks (or more) in Cambodia? The One-2-One Charitable Trust is involved in providing dental services to the poor in Cambodia, working with one of the dental schools and with local NGOs. International University is one of the two dental schools in Cambodia. Up to 40 children per day (mainly orphans) are treated in a large multichair dental clinic. They are short of staff skilled in treating children, and would welcome visits by therapists for one or more weeks to help supervise students and provide some treatment where necessary. They also see a lot of adult patients with perio problems and would also welcome dental hygienists to help students with their perio treatment. In addition, One-2-One has Saturday visits to local prisons to provide treatment, and occasional trips of up to 5 days to provincial areas in order to provide treatment for orphans and poor children. We use mobil equipment for these trips.

If you are interested in volunteering please get in touch with us. You will need to pay for your own airfare, food, accommodation. For provincial trips we ask for your help in funding these trips, as we also take Cambodian dental student volunteers who cannot afford to pay for themselves.
